-----

Clients come to us for the full range of services that we offer including secure web and e-mail hosting services. We maintain full control of websites which we host on our own web servers. These web servers offer triple back-ups for routers, mail and web servers located in the Telus Data Centre in Toronto.

Other services include; print, logo creation, brochures, posters, business cards, magnets, pens, note pads and all desktop publishing applications. We strive to keep the **costs low** for small business start-ups by offering unique packages and a full range of services. We offer very competitive printing prices to compliment these services along with full mail marketing alternatives such as our SnapAds which are ideal for small to medium sized businesses.

We take the time to educate our clients to ensure they start off on the right foot. We are your one-stop marketing shop and operate as an extension of your office. Unlike many web hosting companies, we are local and just a phone call away to address client needs swiftly. DURHAMbiz can provide the personalized one-on-one service that our clients deserve.

Nicole Mooney (President) is pleased to announce the addition of Sarah Evans and Marvin Order to the DURHAMbiz Marketing Group. Sarah joined the team in July 2009 and is our new Graphic Designer. Sarah’s educational background includes a Graphic Design Diploma from Fanshawe College and a Bachelor of Arts Degree in Fine Arts from the University of Waterloo. She brings experience in marketing and graphic design with an artistic flair and passion for design. Marvin recently joined our team. Marvin’s educational background includes a Masters degree in Information Technology Security from the University of Ontario Institute of Technology and a Bachelors of Science in Information Technology from University of South Florida. Marvin’s background and array of experience provides our company with a first-class mix of technology and web development knowledge.

We are extremely proud of our accomplishments and work with a wide array of Durham Region clients. We would not be here without the trust and loyalty of our customers. We wish to sincerely thank our clients, the community and the Whitby Chamber for their support throughout the years.
